M.D ASC Ltd constituted 4 nos of Technical Bid Evaluation Committee and the committee have evaluated the technical bids indicating the availability/ non availability of the documents as per the bid documents as per the bid document and submitted the evaluation sheets to M.D. M.D. placed the same report before the Departmental Bid Committee today for finalisation of the responsiveness/ non responsiveness of the participated bidders.

That during verification the technical experts expressed that it is difficult to determine the quoted quantity of the bidder, from the seed directory submitted, since most of the crops either were standing crops or the crops were recently harvested. The quantity shown in the seed directory is an estimated quantity only. In case of standing crops the bidders have submitted only evidence of registration with state seed certification agency duly certified by certification officer. In most of the cases proper seed directory could not be furnished by the bidders. The members of the committee suggested to take the opinion of Director ASSCA and he has been invited by the Chairman. Director ASSCA has deputed the Deputy Director of ASSCA to attend the meeting. Deputy Director stated that

certification involves huge expenditures like cost of processing, bagging , tagging etc. and format of Seed Directory varies from state to state Hence it is difficult to get a seed directory in uniform and complete manner. Members of the committee opined that bidder may be considered as **provisionally responsive** subject to submission of complete Seed Directory at the time of awarding contract. The chairman recommended for verification of stock before contract award.

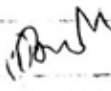

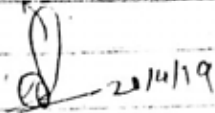

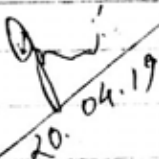

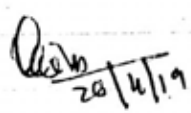

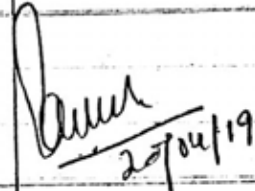

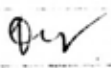

The Departmental Bid Committee started verification of Bid documents and evaluation/assessment of Bids which have been evaluated by Technical Evaluation Committee. During discussion over the principal certificate submitted by the bidder the committee suggested the General Manager(M&T), ASC Ltd, to confirm all the principal certificates submitted by the bidder with the issuing company by sending e-mail before taking decision on responsiveness of the bidders. Hence the chairman of the Departmental Bid Committee suggested to place all the evaluation of Technical Bid in the next meeting with confirmation of Principal Certificates and authorisation. The meeting ended with vote of thanks from the Chair.

MINUTES OF THE MEETING OF TENDERING/DEPARTMENTAL BID COMMITTEE ON THE TECHNICAL BID OF CERTIFIED SEEDS (Gr.A-I) AND HYBRID SEEDS (GROUP-B)

BID REFERENCE NO: ASC/MKT/RE TENDER/2018-19 & 19-20/3898 DTD: 05/02/2019

DATE: 02/05/2019

TIME:11:00 AM

VENUE: CONFERENCE HALL, DIRECTORATE OF AGRICULTURE, KHANAPARA, GHY-22

Sri Manoj Kumar, IAS, Director of Agriculture cum Chairman Departmental Bid Committee presided over the meeting:

The meeting discussed in detail the different aspects of the technical bids which are summarised below:

A. Certified and Truthfully Labelled Seeds (Group A-I)

i) Participation in the bid:

The General Manager(M&T), ASC Ltd. presented the status of participation in the bidding process as follows:

1. Hard Copy submitted : 19 Nos.
2. Soft copy uploaded : 19 Nos.
3. Tender opened : 19 Nos.
4. Tender evaluated : 19 Nos.

ii) Confirmation of the Principal Certificate:

As per the decision of the Departmental Bid Committee held on 20th April, 2019 General Manager (M & T), ASC Ltd. to verify the veracity of principal certificates issued by various seed producers/ company (ies) to the participating bidders, G.M. (M&T) ASC Ltd. stated that the verification has been carried out, thus obtaining a copy of Principal Certificate from the sources and placed the report accordingly in regard to confirmation of the principal certificates. The committee examined and accepted the same.

iii) Standard of Truthfully labelled (T/L) Seeds

The meeting also discussed in detail about minimum standard of truthfully labelled seeds in accordance with Indian Minimum Seed Certification Standard. As the standard of T/L seeds is declared by the grower himself to ensure the quality of the seeds, it is decided in the meeting that the bidders who quoted for T/L seeds are to be considered as provisionally responsive and they shall be awarded contract only after submission of the analysis report from the respective State Seeds Certification Agency.

iv) Gazette Notification:

The G.M (M&T) stated that some bidders have not submitted the gazette notifications related to the variety. Non- submission of the documents resulted in difficulties in the evaluation process as in accordance to the tender document the variety should not be more than 10 years old. The committee directed the M.D. ASC Ltd. to take steps to determine the age in reference to the variety as per notification and to act as per condition of the bid.

- v) The Committee evaluated the bids under Group A (I) and Group (B) taking all criteria into consideration and summarised the evaluation as follows.

Evaluation in reference to firm, crop, variety, quantity, responsiveness etc.
